

### **7.1.2 The institutional initiatives for greening the campus**

#### **1. Restricted entry of automobiles:**

At the entrance of college there is a huge gate with security which restricts the entry of automobiles. This prevents air pollution and maintains the campus pollution free.

#### **2. Use of bicycles/battery powered vehicles:**

Many students commute to college from various destinations by bicycle. They have a nice cycle shed to park their vehicles.

#### **3. Pedestrian -friendly pathways:**

From the entrance of the college to various departments nice pedestrian path is made to enable students to walk safe.

#### **4. Ban on use of plastic:**

Staff members and NSS student volunteers conduct programmes used to campaign against the dangers of plastic materials. Awareness programmes were conducted to restrict the usage of plastics in the form of rallies. Initiatives have been taken to make the campus plastic free zone by advocating use of cloth bags and eco-friendly products.

#### **5. Landscaping:**

Our college is eco-friendly, where we promote green and clean environment. The campus is green with lawns, lots of trees and herbal garden. Green landscaping with trees and plants are maintained at our college with the help of NSS and YRC students.
