7.1.3 Policy document on environment and energy usage

POLICY ON USE OF ALTERNATE SOURCE OF ENERGY

The Energy Usage Policy of L. R. G. Government Arts College for women is to increase the exploitation of renewal energy resources so as to reduce the impact on the environment through the usage of non-renewable energy resources. The policy aims to make the stakeholders understand the need for conservation of non-renewable resources and mitigate climate change. The policy emphasizes that the possibility of sustainable development is only through use of renewable energy. Initiatives for effective use of alternate source of energy include:

Implement Grid-connected Solar Power Plant to considerably reduce the power consumption from the Government.

USE of LED bulbs to save energy consumption

Awareness among students about proper usage of resource

The Policy is communicated through Internal Circulars and its effective
